Judgments Against McMasters Rendered in '94

IN JUDGE SCOTT'S TIME

For Contempt, and Totalling \$1,500 and 18 Months.

Guthrie, O. T., Nov. 7 .- Frank McMaster, the well-known newspaper man and politician of Oklahoma City, has filed a petition in the supreme court to set aside the judgment rendered by the court in 191 which was rendered in the famous contempt case in which McMaster figured on one side and Judge Henry W. Scott on the other. McMaster was held in durance by Sheriff Fightmaster of Oklahoma county on three separate counts, viz.; Contempt of court in bringing suit; contempt of court through a newspaper publication and contempt in open court. His punishment was fixed on each count, at six months in Jall and \$500 fine, aggregating eighteen months in jail and \$1,500 in fines. The trouble originally grew out of a controversy between McMaster, who was then editing a newspaper in Oklahoma City, and Henry W. Scott, an acsociate justice of the supreme court.

PRESIDENT RIPLEY IN GUTHRIE Outlines His Road's Policy as to Road-Building in Oklahoma.

Guthrie, O. T., Nov. 7 .- President Ripley of the Santa Fe, is making a tour of inspection of the new lines being built by his road out of Guthele and other parts of the territory. He is accompanied by J. G. McCall, president of the New York Life Insurance company; E. N. Gibbs, treasurer of the New York Life and one of the Santa Fe directors, and Mr. Ed E. Ayer of Chicago, While in Guthele for a few hours, President Ripley rather clearly indicated the policy of the Santa Fe and Rock Island as to future railroad extension in Oklahoma. Florence, Ala., Nov. 7 .- General Joe Wheeler, in a letter to Hon. W. J. Wood of Florence, stating his views on the Philippine question, says: "I am delighted with the Philippine Islands. I have no doubt that a little push and energy this fall will crush out the Aguinaido insurrection. Out of 9,000,000 people in these islands I do not think that he has more than 10,000 soldiers and in a square fight 5,000 Americans would tear them to pieces All that is necessary to crush them out at once is for the army to get at them and keep at them until the work is done. The evil features of these islands have seen exaggerated to our people.
